

This letter should be sent to reporters, MP's, Schools and those either pretending to be experts on the subject of 5G deployment including 26GHz – 60GHz, those who are dismissing the science on the dangers as 5G is an immune system suppressor technology, linked to the current pandemic. We are carrying out our duty under international laws on the prohibition of Genocide and violations of the ICC STATUTE

Dear \_\_\_\_\_

**Liability Notice for Crimes against Humanity and the Prima Facie evidence implicating you in the Genocide agenda on the people of this country.**

This legal **notice of liability** is designed to be used as evidence in courts if required and intends to enlighten and protect you from attracting more serious civil and criminal liability in relation to your own actions and omissions surrounding the deployment of **5G LED Vaccine technologies**.

It has come to our attention that you are involved directly or indirectly in your support to the deployment of 5G / LED technology and are misleading others in your false communications surrounding the well-known hazards to human health and the environment posed by ever increasing microwave radiation emissions in air.

5G is a Direct Energy Weapon (DEW) system that has been designed and deployed to commit mass Genocide on the people of this country involving the interaction of known contaminated vaccines which increase the lethality of 5G, a weapon, whilst a virus pandemic has been orchestrated as a cover for that Genocide.

The mandated contaminated vaccine agenda and the switch on of 5G in WUHAN province are testament to the weapons capability of committing Genocide on the populations across the World as part of a secret Global genocide agenda.

Your ignorance of the planned Genocide is no defence in law and on the prima facie evidence that we have linking you to the facilitating of this mass Genocide, you should be warned that such action in support of this genocide is an indictable crime. Your own actions in the making of, or the supporting of demonstrably false statements in relation to the 5G deployment of the known dangers posed by 5G transmitters are covering up this crime, for example the known scientific link of microwave radiation in air as an immune system suppressor and an active neurotoxin with the proven uncontested science showing oxidative stress damage to biological cells and so to life from microwave radiation.

This communication is to serve as information to you and others, and is on behalf of the people of this country who are discovering that their current sickness and ill health are caused by increased exposure to microwave and terahertz range transmitters. The experimental untested for safety 5G/LED technology is uninsurable as an environmental polluter and harm, a health hazard shown in the overwhelming published scientific data.

The accelerated deployment of 5G/LED transmitters during the lockdown and so the reducing of the immune systems of many and in particular those who may have been given contaminated vaccines with unexplainable tungsten and aluminium nano and micro particles in them increases the risk of death from 5G/LED radiation emitters. Anti-Radiation-Missiles (ARM), a long range missile design to take out 5G hardware on the battlefield due to risks posed to allied troops with that similar hardware deployed across towns and cities across the UK with your support. The radiation pollution from such transmitters currently breaches the COE 1815 Resolution, 2016 EUROPAEM guidelines and ICNIRP guidelines.

Your continuing support of this pre meditated Genocide agenda through your own acts or omissions, now that you have been clearly informed of the well planned Genocidal agenda of the deployment of the 5G direct energy weapon system alone or in combination with any contaminated vaccinations, would confirm your position in regard the following crimes against all biological life on this planet and which is against a number of universally accepted laws and codes of behaviour, such as the Nuremberg Code and the following.

1. 5G/LED deployment is a violation of Articles 5, 6, 7, and 8 the International Criminal Code Statute prohibiting genocide and crimes against humanity
